Report of the Commissioners of the Milton Water District

Your Commissioners submit the following report for the year 1958.

This has been a year of mostly routine work. Several leaks developed and were repaired. The storage tank was cleaned and the interior was given two coats of tank paint.

Faucets were attached to three hydrants at the extreme limits of the district to allow outlying residents to get water during the dry spell last fall.

We feel that our stewardship of the main objective of any water district, i.e., to furnish an uninterrupted supply of pure water for home consumption and fire protection as economically as possible to the taxpayer, has been successfully accomplished.

FRANK E. McINTIRE,
SHELDON W. DAMON,
STANLEY C. TANNER,
Commissioners.

STATE OF NEW HAMPSHIRE

To the inhabitants of the Milton Water District, in the Town of Milton, qualified to vote in the district affairs.

You are notified to meet in the Engine House Hall in said district Saturday, the 14th day of March, 1959 at seven thirty o'clock in the afternoon to act on the following subjects.

Article 1. To choose a moderator for the ensuing year.

Article 2. To choose a clerk for the ensuing year.

Article 3. To choose a commissioner for the ensuing year.

Article 4. To choose a treasurer for the ensuing year.

Article 5. To raise and appropriate a sum of money not to exceed $1,500.00 to pay for retirement of serial bonds.

Article 6. To raise and appropriate a sum of money to pay for retirement and interest on notes for pipe lines relocation, water tank reconditioning, and Farmington Road extension.

Article 7. To transact any other business that may legally come before said meeting.

Given under our hand and seal at said Milton this 24th day of February, 1959.

FRANK E. McINTIRE,
SHELDON W. DAMON,
STANLEY C. TANNER,
Commissioners.

Report of the Milton Mills Fire Chief

To the Voters and Commissioners of the Milton Mills Fire District:

The following calls were answered in the District from January 1, 1958 to December 31, 1958:

2 Building fires
3 Chimney fires
5 Dump fires

The following calls were answered outside the District from January 1, 1958 to December 31, 1958:

1 Building fire (Acton, Maine)
1 Forest fire (Milton, N. H.)
1 Chimney fire (Acton, Maine)

May I take this opportunity to thank the Communities that have been of assistance to us through the Mutual Aid, and all persons who have furnished assistance in times of emergency; to the Commissioners, Selectmen, Women's Auxiliary and all others who have given assistance, may I say thank you for the help in the Department need as to the procurement of equipment and other effects.

Please note: Be sure that before you kindle an outside fire that you contact your fire warden as to the need of a permit; these permits cost nothing to acquire and could be a great savings and lack of worry on your part.

Respectfully submitted,

DAMON PIKE,
Fire Chief.

YOU CAN HELP PREVENT FOREST FIRES

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning—brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as ($200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc. cut on your property. Eliminate the hazard of burning yourself. It will be easier for you—personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden—the law requires it.

2. Be sure to properly supervise your burning. Don't leave it.

3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty. Use your town dump.

Number of local fires	2
Number of acres burned	12
Number of permits issued	46

HERBERT A. DOWNS
Forest Fire Warden

To the Forest Fire Warden:

The above statement has been prepared because many of you have asked for it. It is intended to inform local residents and to arouse their interest in your problems. A copy has been sent to the Selectmen but it would be well for you to see them and personally request its publication.

ROBERT W. SMITH

SCHOOL WARRANT

To the Inhabitants of the School district in the town of Milton qualified to vote in district affairs:

You are hereby notified to meet at the Town House in said district on the 7th day of March 1959, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will authorize the school board to make application for and to receive, in the name of the district, such advances. grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the U. S. government and/or state agencies.

10. To see if the district will continue to include the sum of $2,500.00 to the estimated capital reserve fund for building a school Auditorium-Gymnasium in Milton.

11. To see if the district will authorize the school board to make application for and to receive, in the name of the district, the established capital reserve fund and accumulated interest, the same to be applied as partial payment of the proposed Auditorium-Gymnasium as approved by vote of the district in the warrant of the special school district meeting October 18, 1958.

12. To see if the district will vote to raise and appropriate the sum of $1,200 to defray the cost of installing a six inch water main from School Street to Nute High School, provided that if after the School Building Contracts are awarded there appears to be sufficient money for this water main the school board shall be authorized to deduct this amount from the District Assessment to be raised by property taxes.

13. To transact any other business that may legally come before this meeting.

Given under our hands at said Milton this 2nd day of February 1959.

REPORT OF THE PRINCIPAL OF THE MILTON ELEMENTARY SCHOOLS

Milton Milton Mills

To the Superintendent of Schools, the School Board and the Citizens of Milton:

I herewith submit my third annual report:

PERSONNEL Mrs. Doris Chase this year changed from Grade 2 to Grade 7. Mrs. Frances Scott, with experience in Rochester and Maine, replaced Miss Lambert, who resigned at the end of last year to accept a position in her home town. Mrs. Myrle Clark of Barrington resigned from the Grade 2 position in September because of illness in her family. Mrs. Ethel Hanson of Rochester was hired in November and was released from her teaching position in South Berwick to come to the second grade in February. Mrs. Helen Abbott, with many years experience in Union, replaced Mrs. Zoe Wormwood in Grades 4-7 at Milton Mills. Mrs. Dorothy Bassett continues to provide instruction in instrumental music and in January replaced Mr. Constantine Battis as instructor of vocal music for the Milton and Milton Mills Schools.

Mrs. Julin, Mrs. Scott, and Mr. Folsom attended the Summer Session at the University of New Hampshire and Mrs. Chase, Mrs. Stanley, and Mr. Folsom attended extension courses at Rochester and Durham during the regular school year.

The teaching staff this year holds 100 per cent membership in local, state, and national education associations and continue to maintain an interest in these organizations far above that of the average school system. Mr. Folsom is President of the Union #44 Teacher's Association.

INSTRUCTION More time and emphasis is being given to Science this year with the acquisition of new textbooks for all classes. The purchase of new spelling books has made it possible to have a uniform spelling program throughout all grades.

The enrollment continues to increase with pupils assigned to grades as follows:

Grade	Milton Grammer	Milton Mills Grammer
1	28	3
2	29	7
3	22	8
	Mrs. Scott 34	Mrs. Lowd 18
4	26	8
	Miss McGregor 33	
5	19	7
6	21	2
7	22	6
		Mrs Abbott 23
Totals	167	41

These pupils are all residents of Milton, and there are no tuition pupils in Grades 1-7.

The interest and accomplishment with musical instruments has increased under the direction of Mrs. Bassett. There are now 23 pupils taking lessons on the following instruments: Saxophone, Clarinet, Violin, Trumpet, Piano, Banjo, Cornet, Mandolin, Drums, Accordion, and Guitar. Eleven of these pupils are members of the Grammar School Orchestra. The pupils participated in the Christmas Concert, and in the future they will continue to provide entertainment for everyone. Mrs. Bassett, since January, has been bringing the same high level of interest and enthusiasm

to the vocal music program.

The school is following a regular periodic standardized testing program. By the use of tables and charts it is possible to compare the results of a test taken by a local pupil with the national average for all pupils of his age, sex, and grade. In September, Mrs. Julin uses the Metropolitan Reading Readiness test to help decide into what groups the new pupils will be placed. Each fall Grades 2, 4, 6, and 8 take a Mental Maturity Test which is a measure of mental ability. Theoretically this ability should not change, but it can be affected by the emotional or physical condition of the pupil. Each year every pupil takes a Standard Achievement Test which is a measure of knowledge acquired, and when compared to previous years, progress can be determined. The results of all of these tests over a number of years are helpful to the teacher in deciding if a pupil is working to his full capacity, in locating areas of weakness and strength in individual pupils, and in measuring effective teaching methods. The results of these tests are seldom disclosed to a pupil, but a parent should be concerned to visit the school and discuss with the principal and the teacher the progress being made by a son or daughter.

HOT LUNCH PROGRAM. Mrs. Stowe and Mrs. Cheney attended in August a workshop for Hot Lunch workers at Keene Teachers College. In February of last year a complete audit was made of the Hot Lunch Program by the Internal Audit Division of the U.S. Department of Agriculture. This was carried out in the school office by a Federal Auditor who stated in his report, "The amounts claimed for reimbursement were verified to be correct. No other deficiencies were noted." This was a routine audit in compliance with the Federal policy to audit at random five schools in New

Hampshire each year.

A glance at the financial report will show that the balance at the end of the year was less than at the beginning. This reflects the rising cost of operation and it is a credit to the planning, buying, and cooking that Milton is one of the relatively few programs in the state which has not yet raised the price of meals.

The school continues to receive from the Surplus Commodities Division all types of flour, cheese, dry beans, rice, dried milk, and various kinds of canned vegetables. No meat other than turkey has been received for two years. The Elementary Principal is authorized for the Milton Schools to request and receive these supplies. They are all delivered to the Grammar School and before being stored are divided with the High School in proportion to the number of meals being served. The school pays to the State of New Hampshire a handling and distribution cost for these supplies computed at approximately 10 per cent of their market value.

SCHOOL PLANT. During the summer the classrooms on the second floor of the Milton Grammar School were repainted and the woodwork varnished. Both buildings were given the usual complete summer cleaning by the janitors. Part of the roof at the Milton Mills School was shingled. An apron of hot top was applied around the foundation walls at both buildings and a part of the driveway at Milton was paved by the Town Highway Department. This work and the winter maintenance of plowing and sanding the yards is much appreciated by all concerned.

The basement room for the use of Grade 7 was

painted and a minimum amount of money expended in carpenter work. The room, though well lighted and attractive, has proven hard to ventilate and heat. The entire staff is extremely grateful that this is to be only a temporary arrangement.

In December the Principal accompanied by Fire Chief Damon Pike inspected the Milton Mills School. The same month Fire Chief Herbert Downs inspected the Milton Grammar School. Written reports of the inspections were filed with the Superintendent. No violations of Fire Laws were found, the fire fighting equipment was in proper condition, and fire drills are being held at least once per month.

This year the school buildings and entire contents were inventoried and appraised by a Fire Rating Specialist from an insurance company and his report provides the School Board with a recommended adequate insurance program.

The leadership and cooperation of the Superintendent, School Board, Citizens and Parents of Milton are deeply appreciated. Every member of the staff feels strongly the burden of responsibility which the decision of the voters to expand the school buildings places upon each individual. The taxpayers are providing the facilities, it remains for the school staff to justify such confidence and loyal support.

Respectfully submitted,

JOHN B. FOLSOM,
Principal.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools, the School Board and the citizens of Milton:—

The following is my first annual report as your school nurse.

In September children in grades 1, 3, 5 and 7, as well as the boys and girls in high school who participate in athletics were given a physical examination by Dr. Robert E. Lord. It is my plan to check these grades each year and in that way every child in or below the eighth grade will be checked every other year by a physician.

As time permits I am checking pupils weights, heights, and vision so that each child will receive this service once during the school year. Also hearing tests will be given with an Audiometer when the machine becomes available since we share its use with other towns in the Supervisory Union.

There have been numerous cases of virus infections during the fall and winter months, as well as a few cases of the usual children's diseases. Children's hair and skin are inspected frequently to prevent the spread of contagious skin diseases or pediculosis. Many home calls were made regarding children's illnesses.

During January a Physical Therapy consultant for the New Hampshire State Dept. of Health—Crippled Children's Services was here visiting at our grammar school. At this time five of our children were checked and instructed in exercises, with which I help them two or three times a week.

This year the Milton Woman's Club is sponsoring a dental clinic with a donation of $50.00 which is matched with the same amount from Federal Aid

money. The program is operated under the approval of the state Bureau of Dental Health and the clinical work will begin in the early spring.

It has been a pleasure working with the children in the schools of Milton, and I wish to express my appreciation to the School Board, Superintendent Martineau, our teachers and all the parents for their close co-operation during my first half year.

Respectfully submitted,

MILDRED L. GILMAN, R. N.,
School Nurse.

ANNUAL REPORT OF THE PRINCIPAL OF NUTE HIGH SCHOOL

To the Superintendent of Schools and Members of the Board of Trustees:

Nute High School opened its sixty-eighth year on September 3, 1958, with a total enrollment of one hundred thirty-four students. Withdrawals and transfers have reduced the registration by only a net loss of one pupil, as there have been five transfers into the school. The enrollment of students is divided as follows: Seniors, 23; Juniors, 32; Sophomores, 26; Freshmen, 30; Grade Eight, 22.

Faculty and Staff changes give the school a new Science and Mathematics teacher, Mr. G. Nelson Dionne. In the kitchen, Mrs. Grace Hayes and Mrs. Ernestine Nutter began the year when Mrs. Katherine Boyd could not return this fall. Mrs. Hayes left at mid-year, and Mrs. Dorothy Swett is currently assisting Mrs. Nutter. Other teaching assignments remain the same with the exception of the new Contemporary Problems course, in which topics of current interest and general importance are discussed. Under Mr. Davidson's supervision, the class has had some lively sessions. Mr. Constantine Battis, who began the year as Music Supervisor, was replaced by Mrs. Dorothy Bassett, who now teaches both vocal and instrumental music in the Milton schools.

The Home Economics department has provided decorations and other festive touches to several school events. At the opening basketball rally, the girls had prepared a cake resembling a small basketball court, and each pupil received a "bite." At the Christmas party, the girls had made gingerbread houses of various styles, which, when placed in a single setting,

formed a village complete with church and village green.

The Industrial Arts department has produced some excellent, high-quality projects and interest has been high.

The English classes continue to use workboo Reader's Digest, and Practical English magazine, in addition to tapes and records which definitely promote both interest and understanding. The Nute *Flash* continues to be published, with about six issues planned for this year.

The Commercial department is operating under difficulties this year with Room Six crowded by twenty-six pupils in one course, and with twenty-eight in another. This room has only twenty regular desks, so the additional pupils must sit at typing tables. Two new typewriters were acquired this year, and consideration should be given to additional machines for the new room, as a typing class can be taught effectively with a larger group than seventeen. More machines for practice in office work are needed also. An adding machine was purchased this year from surplus property, and this could be a good source for additional purchases.

In sports this past year, the baseball and softball teams turned in good records in the spring, and the fall sports started witn volleyball and a new boys' sport. The soccer team went against an experienced league, and won three games of a five-game schedule under Mr. Tierney's coaching. The two basketball teams are suffering from inexperience, having lost many of their senior players, and having only a few spirited juniors on each team to replace them.

The Student Council sparked a move to give a donation to CARE, in place of the usual exchange of

Christmas gifts, and the result was an enthusiastic collection of sixty-five dollars!

Nute High School was the scene of an indoor graduation for the first time in many years, with many people turned away. The only advantage of this was that it pointed up the need for adequate space for public affairs in Milton.

During the fall, the high school was host to Union Forty-four at its meeting, and also had over fifty visitors at Open House during American Education Week. This is the greatest interest that has been shown for several years.

The Library has been operated capably by Mrs. Mary Dickson in Mrs. Joan Brown's absence; however, we are glad to have Mrs. Brown back and hope that her double duty as librarian and mother will not prove too much of a task.

The interior of the building has had some color added to several rooms, and the variety has been much appreciated, and comments have shown approval. A piece of masonite has been put over the transom in the gymnasium after a basketball broke a pane of glass, nearly causing serious injury to a spectator.

The classes at Nute are generally larger than previous years, and the predicted growth of the school population will put an even greater strain on the facilities next year. The construction of the addition to the school will mean that the library will once again be available as a library, rather than a classroom, and will make available to the school modern facilities for science, shop, and homemaking activities. These, in addition to the obvious advantages of a large gymnasium and auditorium should help students to balance the physical, intellectual, and social aspects of their lives in which the school plays a part.

I wish to express my sincere thanks to the Trustees, the townspeople and the students for their active help and encouragement, and I feel that special mention should be made of the cooperation of Mr. Martineau, the Superintendent, as the high school has not been technically his responsibility. With the new status of the school, Nute High School becomes legally under his supervision, but he has spent much time in the past, for which I wish to thank him.

Respectfully submitted,

STUART K. WHIPPLE,
Principal.

Mrs. Myrle C. Clark resigned after four weeks of teaching for personal reasons and was replaced temporarily by Mrs. Gladys Whitehouse. On February 2, Mrs. Ethel Hanson became permanent teacher for grade 2.

If I were asked to select one word to describe the outstanding achievements since my last annual report, that word would be "COOPERATION."

The cooperation of the Trustees of Nute High School and Library, the Milton School Board, the elected members of the Building Committee, the Principals of the Elementary and Secondary Schools, and the Citizens of Milton has made it possible to meet the physical school needs of the town of Milton.

From the Trust established under the will of the late Lewis W. Nute, August 14, New Hampshire Laws of 1899, Chapter 250, these words, "to encourage and promote the diffusion of knowledge in all branches of academic education and to be forever free to the in-

habitants of Milton." The next few generations will require of us the apt adjustment of the property to educational needs which are changed with unprecedented rapidity by the demands of a more complex future.

If the new administration will keep to its course, the chart must be a map of our basic purpose, to encourage, to promote, and to spread academic education under the law which gave us life. For time to come, we shall have faith in our purpose, our faculty, our pupils, their parents and the community.

The additions to Nute High School and to the Milton Grammar School project have required forty special meetings of your School Board and Building Committee. The Nute High School and Library Trustees have devoted most of their bi-monthly meetings to the same projec . It seems only fitting that the names of the people most closely related to the building program be documented for posterity, as follows:

School Board
Mrs. Priscilla Ayer
Mrs. Emma Ramsey
Ralph W. Pugh
Building Committee
Mrs. Dorothy Reegan
Mr. Llewellyn Scott
Mr. Donald Stowe
Advisory Committee
John B. Folsom, Principal

Elementary Schools
Stuart Whipple, Principal
